

Two Languages in Mind: Bilingualism as a Tool to Investigate Language, Cognition and the Brain

Judith F. Kroll, PhD

March 8, 2017, 3:30-4:30 pm

Reception to follow

Leadership Auditorium, MU Student Center

Judith F. Kroll, PhD

Distinguished Professor of Psychology

University of California, Riverside

“New research demonstrates that all languages that are known and used become part of the language system. A critical insight is that bilingualism provides a tool for examining aspects of the cognitive architecture that are otherwise obscured in monolingual speakers.”
